

Get in on the 2021 Northside Falcons Banner Bird Promo!

By populating a Word Cloud with Sponsor Names,
we've come up with a fun way for friends and family to
show their support for _____

The 2021 Banner Bird will appear in two places:

- On our website: It will appear on its own dedicated page on our website, where you'll be able to seek and find your name on a dynamic version of the image. By running your mouse over the bird, the names are expanded. Will you find yours?
- On our banner: It will also appear as a huge static image on the 4' x 8' banner that travels with us to the 2021 Homeschool World Series in Florida. Go Falcons!

- See reverse for options and signup -

\$20 (or more!)	Basic Insertion	Get your name on the bird for just 20 bucks. At size #1, you may have a hard time finding it, but then that's part of the fun, right?
\$50 (or more!)	UpSize Me	Bump up the size of your donation and we'll bump up the size of your name to #3. You'll have no problem finding it now.
\$100 (or more!)	Double Up	We're going to add a second listing and both will have the increased size. We'll also make it so both of the primary colors (orange and black) are used.
\$200 (or more!)	The Repeater	We're going to set your listing to repeat now. And we'll randomize the color. This will create a collage of your name throughout the image, multiple sizes (up to #3), and multiple colors.
\$500 (or more!)	The Works	In addition to the above, we're going to add one supersized entry (#5) in the color of your choice (black, orange, light orange, or gray). You can also make it a link to your favorite web site.
